

## **Commission to Study Mental & Behavioral Health Finance Sub-Committee**

June 17, 2019 4-5 PM

### **AGENDA**

1. Welcome and Introduction of New Sub-Committee Members
2. Introduction of Sub-Committee Focus Areas
3. Review Sub-Committee Interim Report
4. Discussion- Requesting Input from Members
  - a. Private Insurance Network Adequacy - Please share your experience with inadequacies in commercial plan networks for substance use disorder treatment. For example, these inadequacies could be related to a specific geography or specific levels of care. Please be as specific as possible. You are welcome to submit comments in writing to [darcim.smith@maryland.gov](mailto:darcim.smith@maryland.gov). This information will aid the MIA's review of the network adequacy reports due July 1, 2019.
  - b. Quality Outcome Principles – The Department of Health is proceeding with a Behavioral Health System of Care design process and workgroup. One design component is Quality Integrated Care Management—to ensure that our State's health care providers, both behavioral health and somatic in coordination with the managed care organizations, are delivering quality health care that addresses coordination of somatic and behavioral health needs. The Department seeks the Sub-Committee's input on Integrated Care Management focus areas for the workgroup's consideration. You are welcome to submit comments in writing to [lspicer@hilltop.umbc.edu](mailto:lspicer@hilltop.umbc.edu).
5. Next Steps
